The simplest things are often the most effective, and the Maya range of bedroom furniture is no exception! Its understated design will lend itself to any contemporary or traditional decor, while the attractive distressed pine finish and solid practicality means you could soon be furnishing your whole room with pieces from this stunning range!

The Mexican influence in the design and style creates a range of furniture that would be at home in a variety of settings. All items in Maya bed are stained to reproduce the classic look of Mexican pine furniture with the wood being protected by a light wax. Metal fittings are used throughout this range and only further compliment the looks of this stylish furniture. With a hardwearing frame and striking headboard the Maya bed creates a beautifully simple aesthetic, while the natural pine adds a warm glow that will accentuate any bedroom environment!
